

GETTING STARTED

Employee Onboarding Guide

Welcome to SWS AI

Congratulations on joining the SWS AI family! This guide will help you get set up, understand your first-week schedule, and find everything you need to hit the ground running.

Before Day 1

Before your first day:

- Complete all documentation sent by HR (offer letter, NDAs, tax forms).
- Set up your company email account using the credentials shared by IT.
- Install required software: Slack, Zoom, Jira, GitHub, VS Code.
- Read the Code of Conduct and HR Policy documents.

Day 1 Schedule

9:30 AM – Welcome meeting with HR
10:00 AM – Office/team tour (virtual walkthrough for remote employees)
11:00 AM – Introduction to your direct manager
12:00 PM – Lunch with the team
2:00 PM – IT setup and tools walkthrough
4:00 PM – Company overview presentation
5:30 PM – Q&A session

First Week Goals

By the end of your first week, you should:

- Have met all immediate team members.
- Have access to all required tools and systems.
- Understand your role's key responsibilities.
- Set up your development environment (for engineering roles).
- Complete mandatory compliance training in the HR portal.

Tools & Systems

At SWS AI we use:

- Communication: Slack
- Project Management: Jira
- Version Control: GitHub
- Documentation: Notion
- Video Calls: Google Meet / Zoom
- Cloud: AWS (primary), GCP (secondary)
- Code Reviews: GitHub Pull Requests

Your First 30 Days

The first 30 days focus on learning:

- Days 1-7: Orientation, tool setup, team introductions.
- Days 8-14: Deep dive into current projects and codebase.
- Days 15-21: First small tasks or bug fixes under guidance.
- Days 22-30: Begin contributing independently; first 1:1 with manager.

Getting Help

Don't hesitate to ask for help. Your assigned buddy will support you through the first month. You can also reach out to:

- Your manager for work-related queries.
- HR (hr@swsai.in) for policy-related questions.
- IT (it@swsai.in) for system access issues.
